

# PMT® ENDOMARK®

## ENDOSCOPIC INK MARKER

THE WORLD'S MOST RELIABLE ENDOSCOPIC INK.

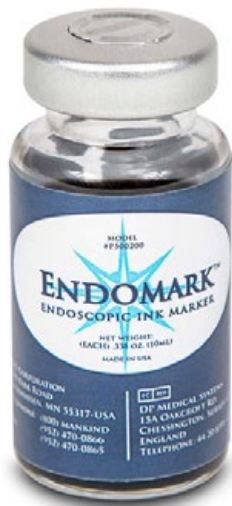

PMT Corporation's Endomark Endoscopic Ink Marker is a sterile, diluted India Ink that will not run or fade. This FDA Registered and CE marked ink marker arrives ready to use in 10ml glass vials—nine vials per case. With its convenient self-sealing top and safe endoscopic tattooing properties, Endomark allows you to reliably find lesion sites time and time again.

Choose the GI tract ink marker you can always trust. Choose PMT Corporation's Endomark Endoscopic Ink Marker
